Significant Firm Specialties:

The firm is currently embroiled in one of the largest antitrust actions in U. S. history: *In Re Brand Name Prescription Drugs Antitrust Litigation*. DuretteBradshaw is the judicially-appointed Receiver tasked with unraveling an international securities fraud scheme and returning investor funds totaling in excess of \$100 million. The Firm's Health Law Practice Group garnered national attention for leading a coalition of Virginia health care providers and consumers in a legislative campaign to outlaw kickback-driven prescription drug switching in Virginia. The Health Law Practice Group also represented more than 300 Virginia health care provider businesses including several of the largest pharmacy businesses in Virginia, some of the largest hospitals and health systems in Virginia, and two of the largest medical practices in Virginia and the Southeastern United States.

Firm Contribution to the Network of Leading Law Firms:

Our expertise projects throughout the United States and at times, the globe. We handle from the standard to the extraordinary matter on a state, regional, national and international level. We often work with other law firms and feel as comfortable in the first chair as we do the second chair. If a matter is out of our scope we do not hesitate to recommend those firms and attorneys we know. DuretteBradshaw believes it can offer some unique insights and assist in unique matters.
